## Cookies

You should be aware that information and data is automatically collected through the use of "cookies."

"Cookies" are small text files a web site can use to recognize repeat users, facilitate the user's ongoing access to and use of the site and allow a site to track usage behaviour and compile aggregate data that will allow content improvements and targeted advertising. Cookies are not programmes that come onto your system and damage files.

Generally, cookies work by assigning a unique number to you that has no meaning outside the assigning site.
